OUR COMPANY

About Us

Hunan Lead Goal New Materials Co., Ltd.

A professional manufacturer of disposable biodegradable food packaging in China, has been dedicated to the bamboo fiber field for twelve years, committed to providing global customers with green and safe packaging solutions. We own a complete industrial chain from bamboo forest planting bases to fiber raw material factories, and then to pulp molding factories, achieving full-process independent control from bamboo raw materials to finished products, ensuring that every product embodies the ultimate pursuit of quality.

Our product line is rich and diverse, covering a series of food contact packaging such as molded fiber tableware (bowls, dishes, boxes), meat trays, fruit trays, vegetable trays, egg cartons, and take-out cup carriers, which are widely used in fresh food, catering, baking and other fields, providing intimate protection for various foods.
